

Gilmont's Women's Retreat

May 1-3, 2026

At this year's Women's Retreat, we will reflect on what it means to live with the quiet faith of a mustard seed in our communities. We will make space for stories of resilience, hope, and holy growth—especially where faith feels hidden, messy, or unfinished.

This retreat is an invitation to honor deep roots, embrace imperfect growth, and trust that God is at work even in poor soil and painful seasons. Come rest, wonder, and rediscover how your story—no matter how small it may feel—belongs to something vast, brave, and life-giving.

Meet the Keynote Speaker: Rev. Kelly Staples, a graduate of Austin Presbyterian Theological Seminary, has worked in a variety of pastoral roles throughout the Dallas-Fort Worth area and currently serves as moderator of the Council of Grace Presbytery.
